

NITESH JHA

iOS Developer | SwiftUI Developer | Flutter Developer

+91 8076942417 | niteshjha2619@gmail.com | [LinkedIn](#) | Delhi, India

Summary

iOS Developer with 5+ years of experience in designing, developing, and deploying scalable mobile applications using Swift, SwiftUI, UIKit, and Flutter. Skilled in MVVM architecture, REST API integration, Firebase, Push Notifications, App Store Deployment, and Mobile Performance Optimization. Experienced in building clean, scalable, high-quality mobile applications and delivering user-friendly experiences.

Technical Skills

Programming Languages: Swift, Dart

Frameworks: UIKit, SwiftUI, Flutter (Advanced)

Architecture: MVC, MVVM

Tools: Xcode, Git, Postman, Figma, Cursor

AI Tools: ChatGPT, Cursor, Antigravity, Grok

APIs: RESTful APIs, JSON, Google Maps API, Firebase

Libraries: Alamofire, Kingfisher, Third-Party SDKs

Other: Push Notifications, UI/UX Design, MapKit, CocoaPods, iOS SDK, App Store Deployment, Mobile Performance Optimization

Professional Experience

Aventra Digital Pvt. Ltd.

Remote

iOS Developer

Aug 2023 - Oct 2025

- Designed and developed multiple high-performance iOS applications using Swift.
- Integrated RESTful APIs to ensure seamless backend connectivity and improved data handling.
- Reduced app load time by 30% through API optimization and effective caching strategies.
- Collaborated with UI/UX designers to ensure adherence to Apple Human Interface Guidelines.
- Utilized AI tools including ChatGPT, Cursor, Grok, and Antigravity for code generation, debugging, documentation, performance optimization, and rapid feature delivery.

Cordova Learning Solutions Pvt. Ltd

Noida

iOS Developer

Mar 2021 - Aug 2023

- Developed and maintained educational and job portal apps using Swift and UIKit.
- Implemented MVVM architecture for cleaner, more modular code.
- Integrated push notifications and Firebase for real-time updates and user engagement.
- Recognized for writing clean, maintainable, and reusable code.

Codessive Technologies

Delhi

Junior iOS Developer

Feb 2020 - Mar 2021

- Assisted in developing iOS apps under senior supervision, focusing on UI development and bug fixing.
- Supported API integrations and optimized app performance.
- Participated in code reviews to ensure adherence to best practices.

Core Competencies

iOS Development | SwiftUI Development | Flutter Development | REST API Integration | Firebase Integration | MVVM Architecture | App Store Deployment | Mobile Performance Optimization

Projects

My Raasta - Car Service App

Architecture: MVC

App Store: <https://apps.apple.com/in/app/my-raasta/id1588551229>

My Raasta is a car service app that ensures customer convenience for vehicle servicing.

- Provides doorstep and garage services for two-wheelers and four wheelers.

Creative Kids - Home Tutor

Architecture: MVVM

App Store: <https://apps.apple.com/in/app/creative-kids-home-tutor/id1568231840>

Creative Kids - Home Tutor serves as a platform for students to connect with tutors for structured learning.

- Educational platform for students to complete syllabus-based learning.

ZeroHarm

Architecture: MVC

App Store: <https://apps.apple.com/in/app/zeroharm/id1191772957>

ZeroHarm helps users identify and report risks in their surroundings for increased safety.

- Location based app for risk detection and safety monitoring.

SMAS India

Architecture: MVC

App Store: <https://apps.apple.com/in/app/smas-india/id1477522958>

SMAS India allows users to easily create service requests for vehicle maintenance.

- Create a new vehicle service request within the application.

Mofitz

Architecture: MVVM

App Store: <https://apps.apple.com/in/app/mofitz/id6455837746>

Mofitz focuses on fitness solutions including nutrition counseling and lifestyle coaching.

- Specializes in Online Personal and Group fitness sessions with tailored fitness solutions.

Little Genius Edu

Architecture: MVVM | Framework: SwiftUI

App Store: <https://apps.apple.com/in/app/little-genius-edu/id6763996740>

Little Genius Edu is an educational app built with SwiftUI to support interactive student learning.

- Provides practice-based learning features with clean MVVM architecture.

Education

IEC University

2017 - 2020

Bachelor of Computer Applications (BCA)

Training / Courses

- iOS 18 SwiftUI 6 & Swift 6: Build iOS App from Scratch - Udemy
